

NOTICE

The City of Monongahela has recognized the need to make Council Meeting Minutes and current Ordinances available to the public on its website. This is in addition to the audio of the Council Meetings that have already been made available on the website through the City Clerk's Office.

To ensure the validity and accuracy of the minutes and Ordinances, the only reliable source is the City of Monongahela's web site: www.CityofMonongahela-PA.gov.

A recent newspaper article published on March 13, 2016 in the *Observer-Reporter* informally auditing municipalities in Washington County first highlighted the electronic document issue. This same issue was discussed at a public City of Monongahela Council Meeting on April 13, 2016.

As the City strives to become competitive with other Washington County municipalities, and to achieve transparency as is required by Pennsylvania laws such as the Right to Know Act, and the Sunshine Act, and to service the needs of its residents, the City will immediately post the *official* version of the Ordinances and approved minutes on its web site, as well as to perform a comprehensive analysis of software solutions to address compliance issues with all legislation and requirements.

The City's website: www.CityofMonongahela-PA.gov is the official web site for the City of Monongahela, and the City cannot and does not endorse, nor warrant accuracy of, information or documentation obtained from other sites.

Respectfully Submitted,

Monongahela City Council
